MASSACHUSETTS KORPITAS VISITING LOCAL ONES

A family which motored all the way from Wunderland, Mass., arrived in Lemon Grove lately for a three-week visit at the home of Mr. and Mrs. John Korpita of 7345 Mt. Vernon. The visitors are his brother and his wife—Mr. and Mrs. Peter Korpita—and their four children.

Said the visiting Mrs. Korpita of Lemon Grove: The weather is fine as long as it doesn't get any hotter.

C. of C. Asks Exclusion From S. D. Port District

Says LG-SV Area Would Be Taxed 'Without A Voice'

The L.G. Chamber of Commerce voted to go on record as opposing elements of the proposed S.D. Port Authority Bill because L.G. and S.V. would suffer "taxation without representation."

The action followed a plea by Frank Armstrong, local attorney who said that provisions of the bill made the proposed Port Authority subject to commissioners appointed by the council of each of the five incorporated cities involved.

Lemon Grove and Spring Valley would be included in the taxing district without a voice at all "not even through the (County Board) Supervisors," he said.

The chamber board directed its president, Robert Vaught, to file a letter with the supervisors advising them of its position.

Dean Russell, newly installed president of the Spring Valley chamber, who was in attendance at the Tuesday noon luncheon meeting, said that he intended to recommend to his group that a similar action be taken.

Armstrong additionally recommended that the Bill be revised to set a limit on the tax rate the Port District may levy. There is none in the present bill, he said.

The board instructed that the letter was not to oppose the Port Bill as such, but should request that the Lemon Grove area be excluded from the district until such time that representation is provided for.

Local Water-Works Cuts Tax 2 Cents

A reduction of 2c on each $100 of assessed valuation was decided on by the directors of the Helix Irrigation district Tuesday.

District-wide, the tax rate will be 54c, compared with last year's 56c.

In El Cajon, where water users are repaying a $2 million bonded indebtedness they brought with them when they were annexed to the District in 1954, the rate was set at $1.25, a drop of 13c from last year. 71c of the total is the annexation rate. 11c of the 13c reduction comes off the annexation charges.

The 1962-63 budget, adopted at the same meeting is $3,823,440 down from $4,400,000 last year. Of this total $1,599,977 was set aside for capital expenditures; $1,706,048 for operation and $517,415 for miscellaneous expenditures. In the operations category, $614,795 is set aside to pay for water purchases and in miscellaneous, $28,496 was ear-marked for salary increases, the middle plan of three offered the board by Gen. Mgr. Byron Miller.

Assessed valuation in the district was $55,281,000 and assessment was $380,488.25. Last year, the valuation was $54,620,090 and assessment was $406,394. The district does not assess improvements on land.

Norman Lighthart, Civic, Business Figure Collapses and Dies

NORMAN LIGHTHART

Norman F. Lighthart, 64, an area business and civic leader, collapsed on the 18th green and died Thursday during a golf game at Singing Hills Golf club. He had recently recovered from a heart attack. He was pronounced dead by Dr. Donald Oderkirk, with whom he was playing. He lived at 10390 Bonnie Lane, La Mesa.

Funeral services were held Tuesday at Ft. Rosecrans National Cemetery with full military honors. He was awarded the Purple Heart citation during WWI for wounds he suffered as a Marine runner.

Lighthart was born in Oak Park, Ill. He was educated and was in business in Evanston, Ill. until he resigned as vice president of the real estate firm of Smart and Golee in 1947 to move to La Mesa.

He became a successful industrial and commercial business property developer in San said are more meaningful than the numbers they now have.

He was chairman of the County's Road Policy Committee working closely with the County Board of Supervisors and the County Road Department in recommending county road development policy. He staunchly advocated that road improvement be made from gasoline tax rather than from other tax income, the latter having the indorsement of many road development officials.

L. G. chamber president Robert Vaught recounted Lighthart's contribution to the community at the chamber's regular board meeting Tuesday and instructed that the records show that Lighthart was a tireless worker with many accomplishments as marks of his effort.

Lighthart was a member of the Real Estate Boards of La Mesa and San Diego. He was a life member of the Real Estate Board of Evanston.

He is survived by his wife, Clara Sue, two sons, Roger of Santa Ana and Bruce of Seattle; two sisters, Mrs. Elva Murdock of Chula Vista and Mrs. Viola Collins of Altadena.

Youthful School Devotees Attending Lemon Grove Junior High This Summer

by Pat McGehee

Certainly most kids are glad when school's out in June. There are some local ones, however, who are glad when summer vacation is here because it means summer school.

These modern-day youngsters who really do prefer being in a classroom to acting like Mark Twain's "Tom Sawyer," take two courses for a five-week period at Lemon Grove Junior High school. When school finally is out for them, they're that much ahead in their academic career.

Lately this newspaper dropped by the school and talked to some of the kids. After that, four mothers were interviewed on the phone.

Before taking a look at what the kids and the mothers said about summer school, we present the official statements of the school itself regarding the purposes of classes held in summer. Four are given:

WHY SUMMER SCHOOL?

1. To provide pupils with needed individualized instruction in skill subjects.

2. To enrich and expand the regular school program, and to provide intensive training in skills in specific areas.

3. To help pupils retain the learning and study habits acquired during the regular session.

4. To explore new curriculum areas not included in the regular curriculum.

KIDS COMMENT

Four kids who are in John Strub's Spanish class at L.G. Junior High, left off with "estudiando Espanol" long enough to give some unexpected answers to standard questions about summer school. Sharon Schmitke, 12, of 1678 Primera, feels that the percentage of "dumb-dodos" at summer school is low. She said she thinks they're the ones who don't go. Her friend, Barbara Morrison, 12, of 1646 Primera substantiated this with the comment that many of their friends are attending summer school and that these friends are not dumb.

Ronald Thill, 13, of 8295 Golden, and Richard Fletcher, 12, of 8271 Lincoln agreed with the gals. And to further add to the veracity of what the gals said, they added that these days many kids go to summer school for something worthwhile to do.

The conversational Spanish class the kids are taking is not offered during the school year.

IN SCIENCE — Students of Robert Offord's class at Lemon Grove Junior High school are swinging out into the world of science this summer. This group is timing a pendulum's movement. They are (l to r) Maxine Cooper, 12, 4045 Violet st., Terri Newell, 12, 1562 Watwood; Tim Burke, 12, 2451 Buena Vista; Mike Tatum, 3938 Quarry rd. and Paul Harvey, 13, 3927 Quarry rd. Offord said the purpose of the project is "to graph and analyze an attempt to see a basic law governing pendulums."

TAKING SPANISH — These are four of the L. G. Junior High school students who are taking conversational Spanish this summer. They are (l to r) Sharon Schmitke, Richard Fletcher, Barbara Morrison and Ronald Thill. Most of those at summer school are having fun in classes they picked out themselves. Although parents may encourage youngsters to attend summer school, most kids are proud of the fact that the actual decision is theirs.

Same Officers For School Board

The board of trustees for the L.G. elementary school district re-elected all officers for the coming year who served during the year just ending.

H. Buckner was elected president again. R. Sjogren is vice president, A. J. Long is clerk and Byron Netzley was relected secretary.

Buckner was again appointed to represent the board on the county committss of school district organizations.

Board meetings will be held on the 2nd and 4th Mondays generally during the 1962-63 school year with these early exceptions. The July 23 and Aug. 13 meetings are combined and will be held with the Wednesday, Aug. 1 budget hearing.

Sups. Squabble Seen In Move To Oust Culy

SAN DIEGO (CNS) — Movements behind the scenes to prevent ousting of Frank O. Culy as a member of the County Planning Commission were going on this week among members of the County Board of Supervisors.

Culy, a retired S.D. trucking firm owner, has been on the commission eight years.

Board Chairman De Graff Austin last week nominated Harry Farb, a S.D. land owner, to succeed Culy, but other Supervisors are opposed to the move to oust Culy.

At Tuesday's Supervisors' session, Board member Robert C. Dent's motion that action be delayed on the nomination of Farb was carried unanimously.

Austin reportedly is the only Supervisor favoring putting Farb on the planning commission. He has given no reason for wanting to displace Culy.

Farb, a controversial figure as a member of the state board that runs the Del Mar Fair, is opposed as a planning commission by Franklin L. Barnes, one time farm board member and now on the County Planning Commission.

Barnes, who had been named to become manager of the fair, was opposed by Farb, and the quarrels between the two sparked many of the 1959-60 meetings of the district board.

Barnes, a Julian rancher, indicated that he would resign from the planning commission if Farb were appointed, and one Supervisor said privately, on hearing this, "We can't have something like that happen."

TO RACE FOR TITLE OF CALIFORNIA

RACERS — Neil Gargian, right, of 7234 Rosemary ln., Lemon Grove, was named winner in the Lemon Grove sweepstakes of Aurora model motoring racers held for the past 60 days at Calder's Toy Town on Broadway. With him in the photo is Grayden Calder, who with Jim Spears, not shown, sponsored the races. Spears provided the trophies.

Gargian defeated seven other youths in eight weeks of contests and will now compete in state competition. If successful there he may go to New York in August to compete in the nationals which Calder says will be televised nationally.

L. G. Dairy Wins Awards At County Fair

Millers Dairy, of 7953 Mt. Vernon st., Lemon Grove won several awards in the competition among dairies at the Southern California Exposition and San Diego County Fair, it was announced Friday.

Winners of gold, silver and bronze awards were announced. Entries were scored on the basis of flavor, texture, bacteria count, color and packaging.

Millers Dairy was a gold winner for grade A milk, homogenized; gold winner for grade A low fat milk; gold winner for grade A milk non-fat and silver winner, grade A market milk.

Boost Of 5¢ County Tax Seen

SAN DIEGO (CNS) — An increase of about 5 cents in the county tax rate was freely predicted Tuesday at Civic Center, as the Board of Supervisors received the local assessment rolls for 1962-63.

Assessor John McQuilken reported the local secured rolls at $1,348,410,520, up $52,786,540 from a year earlier, and unsecured rolls at $163,570,040, down $954,240.

T. M. Heggland, chief administrative officer, called the totals "less than a ray of sunshine."

Heggland said he had been counting an increase of about 6 per cent, when he made his prediction that no boost would be needed in the present tax rate of $2.148 per $100 of assessed valuation.

Supervisors have to get the assessment report on public utilities, made by the state, a report on estimated revenues from other sources and a statement of surplus before they will know how much of the $91,885,406 will have to be raised by the local county tax rate.

The DIMMER VIEW

by MAX GOODWIN

Less Tax Cheating Than You Think

Norman Lighthart, one of the area's civic leaders who passed suddenly a few days ago after suffering a heart attack on the 18th green at Singing Hills golf club, was a staunch supporter of the nation's small-business firms. He bought from them whenever possible and championed their cause at all times.

The same week of his passing he visited this newspaper's office to talk about the city-county budget and the impact the expanded budget would have on the tax rate.

"Most small-business men would be willing to work for the amount of their tax obligations," he said, spelling out federal, state and city-county agencies who have a call on all business firms' income ahead of anything else except their payroll obligation.

"Usually, the tax obligation is greater than any other item besides payroll," he said. "It is more than his rent, often more than his inventory cost, and inevitably more than his profit."

"When he comes to the end of a tax period and his bank account cannot be made to stretch enough to cover his taxes and still leave him something for his labor, the business man's thoughts could turn to connivery.

"No group in history has ever been forced to face the temptation of cheating as great and perhaps as justified as do hundreds of thousands of businessmen during this period," Lighthart said.

We think that the fact that so few business firms are found guilty of tax cheating is significant when equated to the President's charges that all business men are illegitimate offspring.

Give as many of the Administration's employes the same chance to cheat while reducing his income to a point below his outgo and the business community of the nation would come out of it looking like saints by comparison.

L.G. Attorney Runs Well In Bar Assn. Choice For Judge

Robert Sjogren, Lemon Grove attorney and trustee of the L.G. elementary school district, was second runner-up in the San Diego County Bar Association plebiscite by which a judge may be named for the El Cajon Municipal Court.

Alfred Lord with offices in the S.D. Trust bldg. was first with 247 votes. Thomas Duffy of El Cajon had 156 votes and Sjogren got 115.

The plebiscite is one held from time-to-time in S.D. County to guide the governor in making replacement choices. In this case, the replacement will be for Judge Fenton Garfield who announced his retirement last month.

Bernard Lewis, head of the committee on ballots and plebiscite, said action is expected quickly because of the El Cajon Court replacement urgency. He also said that Governor Brown, who will make this choice, has always respected the returns of the voting. "If he doesn't appoint the top vote getter, he appoints the second, or the third," Lewis said. By such a measurement, the L.G. attorney, Sjogren, would have an excel- Diego county and was a recognized authority on road development policy in county and state.

He served as director of the Lemon Grove chamber of commerce for two years until 1961 and was chairman of the chamber's road committee. He was the group's 1962 chairman of San Diego's Build Industrial Growth (B.I.G.) committee.

For many years he served on the San Diego Highway Development Association and is past president. He maintained a great interest in all county and state road developments and was extremely active throughout the years as a member of the Association's road naming committee.

Lighthart helped design the present Freeway Naming Master Plan by which roads, highways and freeways will eventually be given names which he lent chance of copping the appointment.

Other candidates include W. Sinclair, 104; Wayne Hoy of L.G., 100; Howard Muhleman of L.G., 88; and R. Clodfelter, 81.

Also: Robert Bruce, 60; W. Earl Smart of L.G., 46; A. Mills, 45; E. Conway, 36 and Evelyn Monohan, 29.

GROVE THEATRE BUSY SINCE VACATION STARTED

Ed Millsberg, manager of the Grove Theatre off Broadway on Imperial in Lemon Grove, suddenly became a much busier man when school was out. Whereas the theatre was open only on weekends during school, he now keeps it going seven days a week and on some afternoons. He said business has been good.

In line with the increased activity at the community's only movie house, Ed is continuing to improve the place. Lately he yanked out 100 of the seats, had them re-upholstered in a rich blue color, and put them back in to further enhance the interior. Before that, he was keeping a paint brush busy on the walls.

In the past six months, the two pictures which drew the biggest crowds were Walt Disney's Pinocchio and "Follow That Dream" with Elvis Presley. That movie with so much pretty music in it, "Breakfast At Tiffany's" is playing at the Grove Theatre tonight of this week and on Friday and Saturday.

Bees More Plentiful; Stings Can Be Serious

With the excess of rain this season, there has been considerable growth of vegetation, including many flowers on which the honeybee thrives. For some people, a few stings can be fatal.

The American Medical Association reports that proteins contained in honeybee venom can set up an allergic action and a subsequent sting, even months later, may trigger asthma, shock or death. When death does occur it is usually recorded as due to heat or heart failure.

Normal reaction is a burning itch. Those having a more severe reaction should contact their doctor, the association said. Most people can be desensitized by weak injections prepared from insects.

Youthful School Devotees At Lemon Grove Junior High

(Continued)

The four are in it because they want to be. They sound proud of the fact that they're in summer school because they want to be. To them, a vacation with nothing in particular planned would be much less to be preferred. Besides, they get afternoons off, they pointed out.

MOMS COMMENT

Four mothers who have children in summer school gave opinions. Mrs. Josiah Prince of 7213 Carmenita, who has one child each in high school, junior high and elementary this summer, believes that three months is too long for children to be idle. The only thing Mrs. Prince would have against summer school is that it might conflict with a father's vacation, making it impossible for the family to take a vacation together. Nevertheless, Mrs. Prince would like to see the session last longer because of its long-lasting benefits to the youngsters.

Mrs. Leo Custeau of 2317 Di Foss st., has two kids in junior high school this summer and one in elementary. She advocates summer school because it keeps the children occupied besides enriching them educationally and prepping them for college. Mrs. Custeau does think it's too bad that summer school-goers can't sleep a little later.

MAYBE TOO RELAXING?

Mrs. Thomas Newell of 1562 Watwood rd. has three in summer school—two in junior high and one in high school. She agrees that summer school is beneficial but sees a danger in it that should be watched. This danger is that the kids might get used to the relaxed ways of summer school and find regular school unpleasant. She has always sent her kids.

Mrs. Harold Walba of 3870 Carancho st. had the strongest opinions about school. The wife of a State College professor, Mrs. Walba states flatly that kids can't afford to take three months off from school these days. She has one in junior high and one in elementary and believes that year - around schooling would be appropriate because "school is the kid's job."

EDUCATION VITAL

Extending her idea further, Mrs. Walba declares that the nation's greatness is due to our educational system of which California's is among the best. Although Mrs. Walba's children enjoy summer school, they do attend under very enthusiastic parental encouragement.

Principal Hal Brogan of L.G. Junior High school is impressed with his students. They all seem happy, he said and there have been no discipline or attendance problems. His staff is comprised of 12 teachers. The more popular subjects this summer are Spanish, math and science, reading and English and arts and crafts, principal Brogan said.

Maybe when summer school is out, everybody will go fishing. Right now there are 400 kids at L.G. Junior High school deeply absorbed in their classes.

The DIMMER VIEW

(Continued)

had done for the Saturday Evening Post.

The reporter, Henry J. Taylor, a Scripps-Howard columnist said that he called to inquire about any change that might have occurred since the White House manifesto prohibiting outside work for personal gain by any executive department appointee.

Taylor had taken the trouble to ask Robert Sherrod, editor of the Post about pay for the article. Sherrod said the Post's policy of paying for any material it publishes is an immutable one.

Reporter Taylor, a journeyman in his craft with a long record of honest reporting, said that Schlesinger's retort to his question was "You are an idiot."

My own opinion is that Dr. Schlesinger, by some of his advisements to the President, has indicated that Reporter Taylor is but a single number among the great masses of American citizens whom Schlesinger apparently believes to be idiots.

Advisor Schlesinger added that he "knew nothing about money I may be making from the Saturday Evening Post. I leave that sort of thing to my publishers."

Schlesinger then informed Taylor that his (Taylor's) objections to much that Schlesinger had written through the years was because he (Schlesinger) "often deals in irony" and that critics "fail miserably" to realize this.

Taylor said that he failed to see any "irony" in hundreds of Schlesinger's statements condemning capitalism and gave back to Schlesinger his own statement that "capitalism is Samson in the Temple."

It is obvious to me," Schlesinger sneered, "that I write for people who have higher intellectual qualities than you possess!" And with that he banged down the receiver.

Shades of Joseph Goebbels!

It should be reported that Newsweek carried an explanation backed up by the White House that Schlesinger gives such income to charity. . .including the Harvard Class of 1938 fund.

Want-ad With A Twist

Newspaper editors, no less than President Kennedy, frequently have troubles foisted on them by outsiders. That this statement is true is backed up by a clipping given us by our neighbor, Mrs. Mel Harter. She acquired it from her home-town newspaper who credits it to the Carteret County (N. Carolina) NEWS-TIMES and it goes like this:

A man with a sewing machine to sell placed a classified ad in the newspaper. The ad came out the next day as follows:

MONDAY: — "For Sale: R. D. Smith has one sewing machine for sale. Phone 958. Call after 7:00 p.m. and ask for Mrs. Kelly who lives with him cheap."

TUESDAY — "We regret having erred in R. D. Smith's ad yesterday. It should have read: For Sale: R. D. Smith has one sewing machine for sale. Cheap. Phone 958 and ask for Mrs. Kelly who lives with him after 7:00 p.m."

WEDNESDAY: "R. D. Smith has informed us that he has received several annoying telephone calls because of an error we made in his classified ad yesterday. His ad stands corrected: For Sale: R. D. Smith has one sewing machine for sale. Cheap. Phone 958 after 7:00 p.m. and ask for Mrs. Kelly who loves with him."

THURSDAY — "Notice: I, R. D. Smith, have no sewing machine for sale. I smashed it. Don't call 958, the phone has been taken out. I have not been carrying on with Mrs. Kelly. Until yesterday, she was my housekeeper."

B of A Installs 'Drill-Proof' Door In L.G. Bank

Bank of America's new Lemon Grove branch building closed another phase in its construction Monday, July 2 when a huge steel door clanged shut.

The massive door, weighing 3½ tons, put the finishing touch on the fortress-like vault in the structure on Imperial Avenue between Golden and Central Avenues.

The door was fitted easily into place with the help of a self-powered hydraulic machine invented by the bank's vault expert, Alex Bates. Nicknamed the "missing link," the machine handles doors weighing up to eight tons like they were made of balsa. It enables two men to complete an installation in half the time it used to take four men to do the job.

Composed of alternate layers of steel, the door is impervious to heat and proof against any drill yet invented. It has 20 locking bolts controlled by two combinations and a three-movement time lock. Once locked, it cannot be opened until the present time has elapsed.

The vault itself is encased in steel reinforced concrete, 12 inches thick, and together with the massive door is virtually invulnerable.

Finishing touches and installation of bank fixtures still remain before the new building will be ready. Completion is scheduled for next month.

Letters To The Editor

Dear Editor:

Santa Ysabel Indian Mission will celebrate her 144th birthday with a grand fiesta and pit barbecue July 15 beginning at 12 noon and continuing all day.

There will be traditional Indian dances, carnival booths for the children. The Indian burial ground, the Chapel and Museum will be open all during the Fiesta. Strolling Spanish troubadours and California folk singers will add color and gaiety to the occasion.

There is a legend of a lost treasure of Santa Ysabel. When the Mission and the Valley was threatened by an invasion army, settlers brought their gold, silver etc. to the Mission and the Padres buried it along with the treasures of the church.

Through death and misadventure the treasure was never recovered. Anyone is welcome to bring their geiger counters and shovels and help hunt for the lost treasure cache. Maps are available in the Indian Museum and artifacts of old Indian culture recreate the past of early California. The entire family will have an enjoyable outing.

Rev. Peter Tarquini FSCJ.

Dear Editor:

I sat across the table at lunch the other day from a Doctor of Osteopathy who said he had been opposing the proposed merger of the M.D.'s and D.O.'s here in California, until he realized the M.D.'s were not forced to pay Social Security Taxes. He is willing to forget his previous objections just to be in a position to escape the clutches of this monster.

I, too, have been objecting to the 'statists' in federal bureaucracies eliminating my freedom of choice over my ability and know-how to control my life and the produce of my life. In the long list of Freedom that is protected and preserved by a government which follows its proper function of guaranteeing the inalienable rights of its citizens to life, liberty, and the pursuit of happiness, there cannot be protection of 'freedom from want.' Each individual is responsible for the satisfaction of his own wants.

It is not morally right for the 'state' to confiscate any portion of one man's life—in this case, his property— and distribute it to others.

During the period of time when the County level of government was assuming the responsibility of supplying the needs of the indigent in a 'county poorhouse,' the cost through taxation was minute, yet nobody starved to death, and the country as a whole was climbing the ladder of progress at an undreamed of rate. How much progress are we making today with our 'welfare' programs?

Leonard E. Read, president of the Foundation for Economic Education, Irvington-on-Hudson, New York, uses a premise that man's purpose on Earth is "to grow, to emerge, to hatch (ideas), to evolve in consciousness, partaking as much as he can of Infinite Consciousness." He then easily proves a point: the higher the level of freedom enjoyed by man, the greater the progress in all paths of human endeavor.

To restore our lost freedom we need a rededication to our Declaration of Independence by our civic, political, philosophical and industrial leaders.

Sincerely,
J. C. Hawblitzel
Santa Susana, Calif.

Dear Editor:

We moved to Spring Valley three years ago. Shortly after moving I bought a copy of your newspaper and was so impressed by your straight-forward, outspoken stand for America that right then and there I sent in my subscription and have been taking the newspaper ever since. I do so enjoy reading your articles.

How long are we going to stand by and do nothing to stop the sell-out of our Nation? The way the State Dept. and the President of our Country sold Laos out to the communists is the most shocking thing this Nation has ever been guilty of. I pray to God for mercy and forgiveness. America, wake up before it is everlastingly too late! The people of this Nation must get the government back in the hands of the people and not people in the hands of the government.

I urge everyone to listen to Dr. Clark McIntire to know the truth of what is going on in our country. He is on XEMO 11-11:30 a.m. also for early risers XERB 6:30-7 a.m. Monday through Friday. Another very good American program is on XEMO 10:45-11 a.m. also 7:30-8:45 p.m. same station.

God bless you and keep the good work up. It is very encouraging to know newspaper men who are not ashamed to be real Christian-Americans.

Mrs. T. C. Dickson
9038 Jamacha rd. S.V.

P.S.: We are at war. This is a fight that calls for every true-blooded American to do all he can to keep our freedom if he values it at all.

Mrs. T.C.D.

S.V. Man Aids In Rescue Of Family Adrift On Salton Sea

A Spring Valley man was credited with helping to save the lives of three members of a Burbank family who had become separated after going boating in the wind-whipped Salton Sea.

The man, V. Edward Morris of Steele Canyon, a landscape artist was fishing with Charles Martin of Ramona from a boat when they saw the three family members who had been floating in life jackets for 16 hours.

Mr. and Mrs. Robert Cable and their 11-year-old daughter Debra were pulled aboard Morris' boat and taken to the family trailer parked on the west shore of the sea at Helen's Place. The fourth member, Laura, 5, was found in the boat from which the rest of the family had become separated.

The Cables, the day before, had gotten into a boat and had gone out on the water to swim and water ski. Deciding to take a swim, the three had donned life jackets and entered the water. Then a heavy wind came up, causing the water to become extremely rough. It was then the boat, with the five-year-old girl was carried away from the three.

When Morris and Martin had landed the three Cables on the beach, Cable called the Imperial County Sheriff's office. A deputy in an airplane spotted the drifting boat about 12 miles away from the spot where the three Cables had been rescued. All of the family was reported in good condition following the ordeal.

W. W. I Vets Plan Convention

Veterans of World War I and their ladies auxiliaries, will meet July 11 through 14 at the El Cortez Hotel for the 9th District Convention. This will be the largest Department convention to date, according to Charles Noakes, past commander of the Spring Valley Foothills Barracks 1447, of World War I Veterans. Buddies and ladies from Barracks 228 of Calif. and a large number from the Western Region, as well as National officers, are expected to attend.

An interesting program has been worked out and the regular program will begin Wednesday, July 11, at 9 a.m. The 19th Area Dept. will be hosts, and all World War I Vets are urged to take advantage of this and make it a "regular vacation." Vets and ladies are being urged to spend a few days in San Diego to enjoy a tour of the world-famous San Diego Zoo (admission free to WWI Vets); a boat excursion around the bay, out past Point Loma; bus trips to Ramona's Marriage Place, National Cemetery, Old Light House, and shopping tours to Mission Valley, Grossmont Center, and College Grove. There also will be scheduled bus trips to Tijuana.

Gallery Of Art Gets New Show

A new show will move into the Fine Arts Gallery at 8055 University ave., La Mesa on Sat., July 7, according to the Foothills Art Assn., which runs the gallery.

Two artists will have their work on display. They are Ralph Smith, one of La Mesa's best known artists and Mrs. Carol S. Cunningham of San Diego, who just completed a three-year course given by Famous Artists of Westport, Conn.

Smith will exhibit portraits and landscapes, mostly oils with some watercolors. Mrs. Cunningham will be exhibiting oils and a few collages, which are composite objects with varied colors, texture and surface.

RECEPTION JULY 8

The public is invited to a tea reception on Sun., July 8 from 1-5 p.m. at the gallery. On display will be a book, "The Puffin" by Mrs. Cunningham in which she used an advanced silk screening process for reproduction.

Two Months Remain In Cancer Drive

San Diego County residents have contributed a total of $138,000 to the American Cancer Society so far this year.

Robert McCuen, County Crusade co-chairman, indicated that with two months still to go before the Society's fiscal year ends August 31, he hopes that San Diego County's contributions will exceed those of last year. $184,809 was raised in 1961. This year's goal is $200,120.

The Society conducts its big fund-raising drive during the month of April, but it depends upon memorial and other contributions received throughout the year to keep its research, education and service programs going and growing on a 12-month basis.

McCuen said, "Cancer strikes one person in every four and in two families of every three. The battle to conquer this disease is of vital concern to us all. You can help by having your annual health checkup and by mailing your check to the American Cancer Society at 1405 Fifth Ave., San Diego 1."

NEW BAKERY TO OPEN IN MONTEREY HEIGHTS

A brandnew bakery in Monterey Heights will hold its grand opening this Saturday between 8 a.m. - 6 p.m. and all visitors will get free coffee and cake. To be called Monterey Bakery, the new business is located at 1821 Inglewood dr. and will be run by Lowell Trask and his wife, Millicent.

Trask, who's been in the baking business for 35 years, once made a special cake for Bing Crosby. Cake-baking is probably his specialty—he's been to two cake decorating schools—but the firm will be offering a full line of baking goods. Some 12 varieties of cookies, nine of bread and four of rolls will be sold.

The regular open hours will be between 8 a.m. and 6 p.m. six days a week.

The Trask family, which also includes their 16-year-old daughter, Nadeline plans to move to the Lemon Grove area before long.

TWO LOCAL FORDMEN WIN AWARDS FOR BETTER SERVICE

Two Lemon Grove Ford dealership employes of Spears Ford—Dave Dietrich, parts sales manager, and Ed Chapman, service manager—have been presented the first annual Golden Circle Award by Ford Division of Ford Motor Company.

The award is for outstanding accomplishments in carrying out managerial responsibilities for parts and labor sales, parts purchase control, shop productivity, sales promotion and advertising and customer satisfaction.

CONTRIBUTIONS STILL SOUGHT FOR SALK BUILDING

Although the Salk Institute Building Fund campaign has ended, it's not too late for sending in contributions, Chairman Albert A. Gabbs said this week.

County-wide, the campaign is expected to reach one-third of its projected goal of $100,000.

"We can't lose by teaming up with Dr. Jonas Salk," Gabbs said. "It will cost approximately 15 million dollars to construct and equip the Salk Institute. This will represent new money coming into San Diego County. Hundreds of workers, representing almost every trade in the book, will be employed."

He asked that contributions be sent to the Salk Institute Building Fund, 7606 Girard ave., La Jolla.

"VICTORY FOR OUR NATION"

We give thanks to God for the victories which our nation has won on battlefields. Many have given their lives for our freedom. We are independent of foreign dominion. Let us pray for our nation that we shall also win the battles against immorality, crime, ungodliness, lawlessness, disrespect, vanity, trust in materials, trust in earthly power and selfishness. God make us strong at the heart.

Lemon Grove Lutheran Church Message

C. S. Churches Set Communion Services Sunday

Communion services will be held Sunday at Christian Science churches throughout the world.

Keynoting the Lesson-Sermon entitled "Sacrament" is the Golden Text from the Bible (Galatians 3): "Ye are all the children of God by faith in Christ Jesus. For as many of you as have been baptized into Christ have put on Christ."

Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include: "To keep the commandments of our Master and follow his example, is our proper debt to him and the only worthy evidence of our gratitude for all that he has done. Outward worship is not of itself sufficient to express loyal and heartfelt gratitude, since he has said: 'If ye love me, keep my commandments'" (p.4).

PRAYER RULING AIDS COMMIES SAYS J. UTT

Congressman James B. Utt (R-Calif.) last week expressed his shock at the decision of the Supreme Court which ruled that the daily recital of an official state prayer in public schools is unconstitutional. He said that he is joining with Congressional colleagues in introducing legislation which would change the Constitution to permit expression of reliance upon a Supreme Being in public institutions.

"The Supreme Court's decision knocked the bedrock out of our whole system," Utt charged. "Because of it, many of our traditional American services such as Baccalaureate and Graduation exercises must forego the invocation or other religious expressions.

"Our Pledge of Allegiance, which recognizes that our nation is under God, and our national motto pledging our trust in God are both affected by this decision," the solon declared.

Utt stated that there is a general feeling of consternation among the Senators and Representatives at the extent to which the Supreme Court has gone to satisfy those Atheists and Communists whose goal is to eliminate religion and religious beliefs from our land.

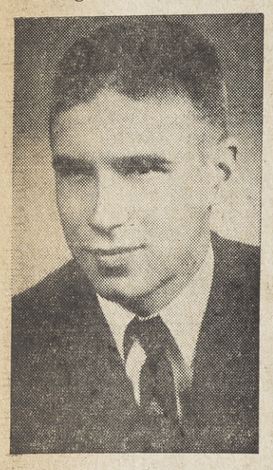
LOCAL HIGH SCHOOL SENIORS JOIN ARMY

A record number of local high school seniors enlisted in the U.S. Army during June at the La Mesa recruiting office, according to MSgt. Edward R. Edwards, station commander.

He said the increase was due mainly to the guarantee the Army is giving enlistees. Unlike the old days, when enlistees had little choice regarding their assignments, someone now going into the Army decides what he's going to train for—if he's qualified in that field, MSgt. Edwards said.

Among new enlistees are



Smallenberger

four from Mt. Miguel High school. They are Thomas E. Vrooman, 8651 Jamacha rd., clinical psychology school; Charles T. Smallenberger, 8780 Taylor st., Army security agency; James P. Smith, 2012 Eldora st., L.G., U.S. Army band, and Sidney G. Sunbury, 2345 Sweetwater rd., general supply.

Helix High school graduates who recently enlisted in the Army are Ronald G. Buckner, son of Mrs. Mary V. Buckner, 3251 Sweetwater rd., administration; Rodney D. Miller, son of Mrs. Clara C. Monell, 2727 Jaynia pl., L.G., overseas assignment in Europe and Dale E. Cavallin, son of Mr. and Mrs. Edward E. Cavallin, 7551 Church st., L.G., Army security agency.

Rexford Hall Is Reelected GUHS-GJCD Presidents

Rexford L. Hall was elected president of the Grossmont Union High School District and the Grossmont Junior College District boards of trustees at the annual organization meeting of the two boards held on Monday evening. Mrs. Portia B. Goode was renamed clerk of the two district boards which are separate legal entities although the personnel of the boards is the same because of the boundaries of the two districts being coterminous.

Rescheduling of the junior college bond election was deferred until July 16 because it was not clear whether or not it would be possible to consolidate the election with the November General Election. The Board was informed that the Board of Supervisors would probably decide this matter sometime this week.

The El Cajon Valley C of C recommended rescheduling the election in October with only one issue, the Fletcher Hills site. A letter from the Citizens Advisory Committee requested that a special election be held September 18 with a slight reduction in the amount of the issue.

This is the month of fruits and vegetables — easy going times for cooks who know how to prepare them. Now vegetables and fruits are at their cheapest and best and your dishes can be tastier, original, multi-colored and appetizing . . . with just a little assistance.

"All about Western fruits and vegetables" is my theme for this month's cooking school. It will be at the usual times—**Tuesday, July 10**, from 12:30 to 2:00 p.m. and again on **Tuesday, July 31**, from 10:00 to 11:30 a.m. in the comfortable air-conditioned auditorium of San Diego Gas & Electric Company's Eastern District Office at 104 North Johnson Street in El Cajon.

Egg Plant Creole is the main dish for a bright warm treat. Or, for the spice lover, try Chile Rellenos. A new suggestion is Mint Julip Salad, a very colorful dish, and Celery Victor, chilled with an appetizing sauce is a good substitute for a salad. I will show you how to make three unusual desserts that will become family favorites: Apricot Supper Salad, Black Cherry Cake . . . and Fantasia Ice Cream made with ripe avocados. I will also give you some ideas on preserving fresh fruits, and some simple recipes for all those luscious fruits that grow in California — melons, citrus fruits, figs . . . all at their best now.

There will be free door prizes and as usual admission is free. Come and learn "All about Western fruits and vegetables" — I shall look forward to seeing you.

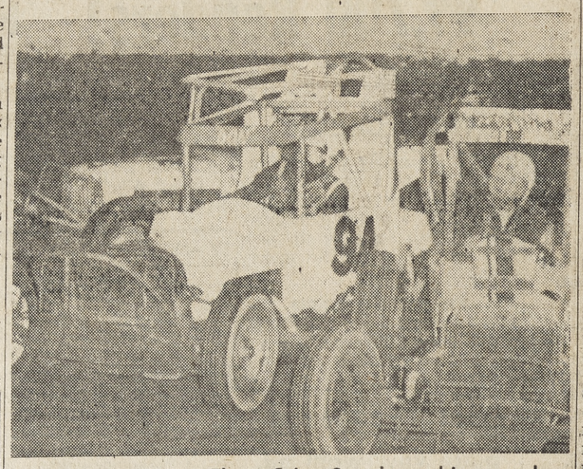
MODIFIEDS DO BATTLE AT CAJON SPEEDWAY



HEAVY TRAFFIC — These Cajon Speedway drivers probably had been practicing up on the freeways prior to this recent maneuvering at high speed. Don Freeman in middle car was boxed in by two other freeway drivers, Bill Bass and Bob Hayes. An instant after this photo was made, Don's super modified shot out ahead of his fellow daredevils, proving that he can't be boxed in for long even on a racetrack with fast, heavy traffic. The super modifieds, which can drive in any lane they please at Cajon Speedway will be making their next appearance on July 14.

This Friday night will feature the "hotshoes," those motorcycle daredevils who got their nickname from the habit of using one foot on the ground to go around curves. Time trials will be at 6:30, racing at 8:15. The same time applies to Saturday night when stock car races will be held; the stocks—in a "claiming stock cars" race— will reappear on Sunday, when time trials will start at 12 noon and racing at 1:30 p.m.

Valley De Oro League Elects Comfort President

Officers and members of the Valley de Oro Little League have shown a great deal of enthusiasm over the way the teams have played during the 1962 season, so much so that they have already elected officers for the 1963 season. This was done at a meeting June 25. Here are the new officers:

President, Willy Comfort; vice president, Vern Sterling; secretary, George Donelly; treasurer, Mrs. Jerry Davis; players agent, Guy Hines; sponsors chairman, Ed Loop; publicity chairman, Mrs. Betty Anderson; official scorekeeper, Mrs. Margaret Welty; entertainment chairman, Mrs. Jean Rowin; equipment chairman, Dave Rutter; Minor League director, Claude Gay, and umpire chairman, Bud Lawless.

The following officers of the Women's Auxiliary were elected June 19:

President, Mrs. Lou Hines; vice president, Mrs. Maxine Rodwell; secretary, Mrs. Gail Coston, and treasurer, Mrs. Jerry Davis.

The outgoing officers of the 1961 season wish to extend a "thank you" to all the managers, coaches, team mothers, scorekeepers, parents, and especially the sponsors, who have made the 1961 season such a success.

AREA GROUPS APPEARING

The La Mesa Recreation-Park Department will present a two-hour show at the Southern California Exposition San Diego County Fair from 3-5 p.m. on Sat., July 7.

The performance will consist of the Recreation Department clowns, Little Sparks (baton), Heartland Hoedowners (square dancers), Flashionettes, La Mesa Gymnastic Club, special events by Vicki Rains, Patti Fiester, Toni Gannarelli and Dan Amick. Vocal arrangements will be by Relene Keller, toe dancers and modern dancers from department classes.

Bob Browne Named 'Sport of the Year'

Robert (Bob) Browne, L.G. businessman, was named "Sportsman of the Year" by the National Micro Midget Association at a western states meeting during the weekend at Lemore, Calif.

Browne, who operates a major appliance sales and service firm here, was given a trophy 36 inches tall. He was chosen from among more than 3,000 members making up the western element of the organization.

He was cited for aid and assistance he had given the micro midget racing profession during the past five years and for the high safety factor the profession had achieved under his service as a regional director and chairman of the safety committee.

Micro midget racing is a spectator - participation sport often referred to as a poor man's Indianapolis. The racers reach a speed of 90 m.p.h. on motors limited to motorcycle size. Contestants need only be 21 years or over, regardless of sex.

Browne was runner-up in last year's national election as vice president of the organization. He was second by less than a hundred votes.

24-0 GAME OCCURS AT CAJON DE ORO

Although some of the games in the Majors of the Cajon de Oro Little League were fairly even this past week, in some cases the batters went on a spree. There was one "lopsided" game of 24 to 0. However, it was a good week and most of the fans seem contented. Here are scores for the week:

June 25. Bears 22, Cougars 13, with Randy Raines the winner on the mound. Tom Walsh of the Bears got the lone homer. A nice double-play was turned in by the Bears—Greg Cole at short snagging a fly and chucking to Tim Walsh at first.

June 26. Elks 4, Colts 2, with Mike Garber as the winning pitcher. Mike has many wins to his credit. There were two homers by the Elks; Robert Westcott and Lou Overtries.

June 277. Lions 6, Tigers 2, with Tom Christiansen the winner on the mound.

June 28. Elks 24; Bears 0. Charles Turner, the winning pitcher, was credited with 11 strikeouts in a row. His team mate, Mike Garber, collected the lone home of the game.

June 29. In the first game of the double-header, it was Colts 8, and Tigers 2. Winning pitcher was B. J. Felthauss.

In the second game, the Lions were winners over the Cougars, by a score of 4 to 1. Jimmy Upson was the mound winner.

Bowlero's Best Players Of Week Announced

Papke

Wulven

Paul Van Wulven and Dorothy Papke weathered the bowling storm at Lemon Grove Bowlero last Saturday evening to come out on top as "bowlers of the week." Each received the trophy the Bowlero is presenting each week to outstanding players.

Sandy Sanders and Penny Rafalovich ran close seconds to these top two. Bowlero of the week vying is at 3:30 and 7 p.m.

Many 200 games came out of the Classic League on Friday night. These included 244 by Hal De Mers, 235 by Rich Speaks, 235 by Homer Sams and several 220 and 210 games. The League is at 9 p.m.

The Bowlero announces that registrations are being taken for the fall leagues, with special attention being given to daytime leagues for housewives. Also, the "Breadwinners' League" is predicted to be a popular one for fall. Winners of this get a wide choice of prizes.

250 AT ANNIVERSARY OF JUNIOR LEVIS

More than 250 attended the 7th anniversary celebration of the Junior Levis and Laces, local square dance group, which was held Thursday night of last week.

July 1 was square dancing day at the county fair at Del Mar and members of the Levis and Laces took part in it.

Indians Champs Of L. G. Little League

The Indians have been announced as season champs in the Lemon Grove Little League majors. Bruce Johnson of the Indians hit his ninth homer lately, making him home run champ.

A grand-slam homer by Mike Padgett of the Pirates gained the team a victory (6-3) over the Braves. Tom Daniels was winning pitcher in this game. The win puts Privates in second place for the season, the Brave, in third.

Nutritionists agree it would cost you about 43c for products to duplicate the food elements in a quart of milk.

Girls Softball League Elects First Officers

Officers for the newly-formed girls softball league, which has been named "Valley de Oro Girls Softball League" were elected Monday of this week, as follows:

President, Mrs. Dora Parez, of 2106 Ildica Court, HO 9-0580; secretary, Mrs. Betty Anderson, and treasurer, Mrs. Dorothy Pennick. Managers will be Vi Lawless, Betty Anderson, Jerri Davis and Mary Jane Lee. Coaches are Jean Rowin, Millie Dickerson, Winnie Whitaker and Dora Parez.

Registration for girls eight years of age through 14 will be held at the Spring Valley Junior High School Little League Field on Conrad dr. this Saturday from 9 a.m. to 4 p.m. Registration fee will be $2, which will go toward the purchase of equipment.

Before the regular season gets underway, softball equipment will be needed and persons of the area, who have—or know where to get—such equipment are asked to contact Mrs. Dora Parez at HO 9-0580. So far, 35 girls have signed up to play in the new softball league.
